INTRODUCTION OF CASIO FX-570EX UPGRADE PROGRAM

Marco Corporation (M) Sdn Bhd, the authorized distributor for CASIO Malaysia Sdn Bhd would like to announce the **CASIO FX-570EX Upgrade Program for Mathematic Teacher** currently teaching at secondary level and above.

FX-570EX is the latest Scientific Calculator based on CASIO leading innovation in the Scientific Calculator products. FX-570EX comes with even more sophisticated functions than its predecessor model of FX-570ESPLUS and FX-570MS. Both of these models are the most common used Scientific Calculator by teachers across Malaysia

With reference to *SURAT PEKELILING IKHTISAS BIL. 3/2002*, dated 24th January 2002, which covers the usage of Scientific Calculator in classroom. This new ClassWiz FX-570EX adhered to the specification requirement of the letter.

With this opportunity, we are proudly to introduce our Upgrade Program as follows:

Contents of sample kit prepared: -

- 1) ClassWiz FX-570EX actual working unit
- 2) Trial Emulator software (3 months trial period –download from www.wes.casio.com)
- 3) FX-570EX calculator teaching poster
- 4) Product Leaflet explaining on key functions

Terms & Conditions of FX-570EX Upgrade Program:-

- 1) Applicant must be Mathematics Teachers teaching in Secondary School level or above.
- 2) Applicant shall surrender his/her current working units of Scientific Calculator for exchange to the FX-570EX.
- 3) Applicant agrees to use the exchanged CASIO FX-570EX for classroom teaching.
- 4) Applicant shall provide feedback on classroom teaching experience via Online Questionnaire after using FX-570EX within 1 month period.
